

Instruction

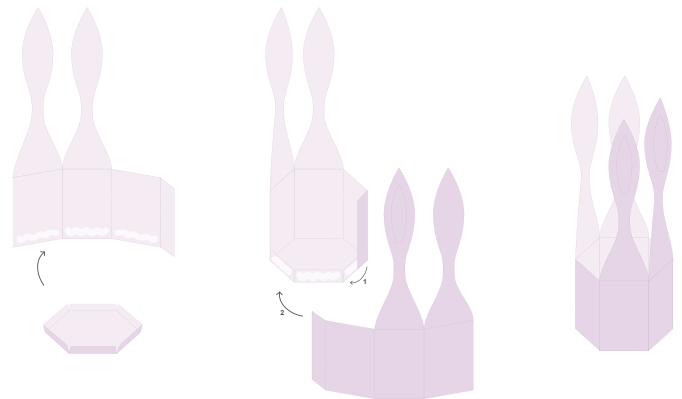

1. Print and cut out your chosen template.

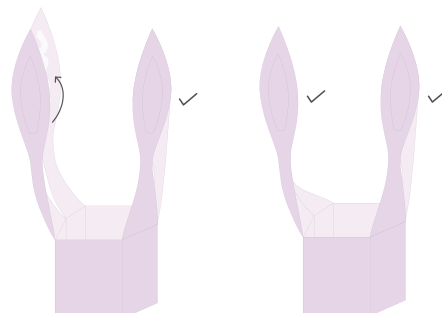

2. Fold the parts along the dashed lines.

3. Put the outer sides of the basket onto the base (the hexagon) and stick them together via the tabs.

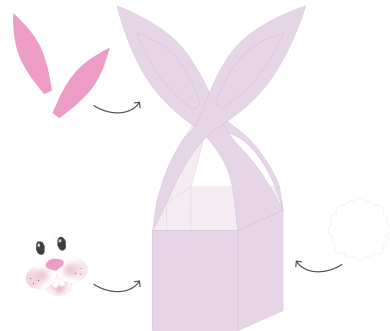

4. Glue the (directly adjacent) ears on the outer sides together.

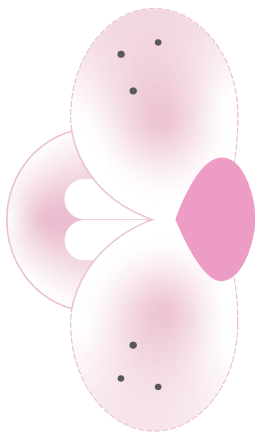

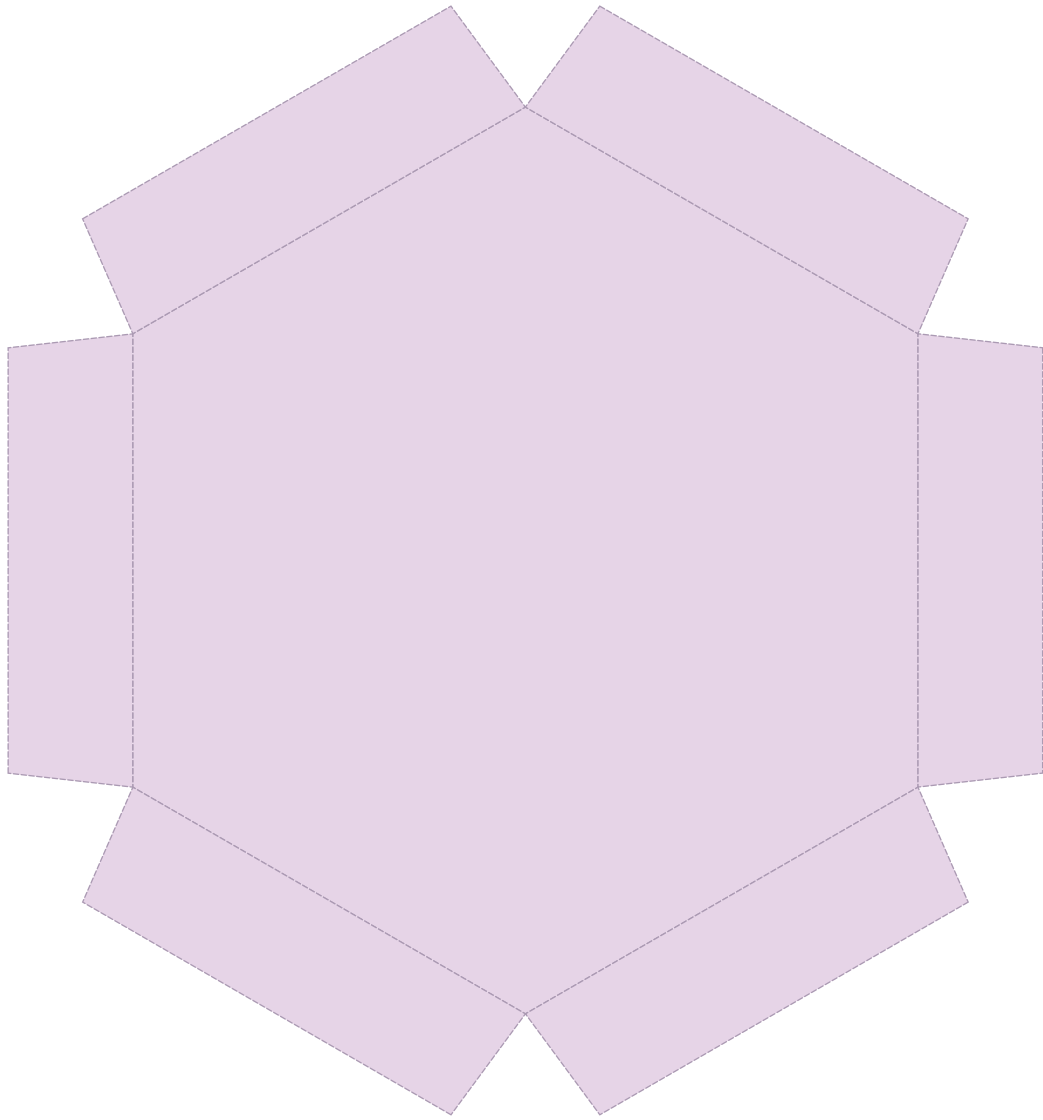

5. Place one ear under the other so that they cross each other.

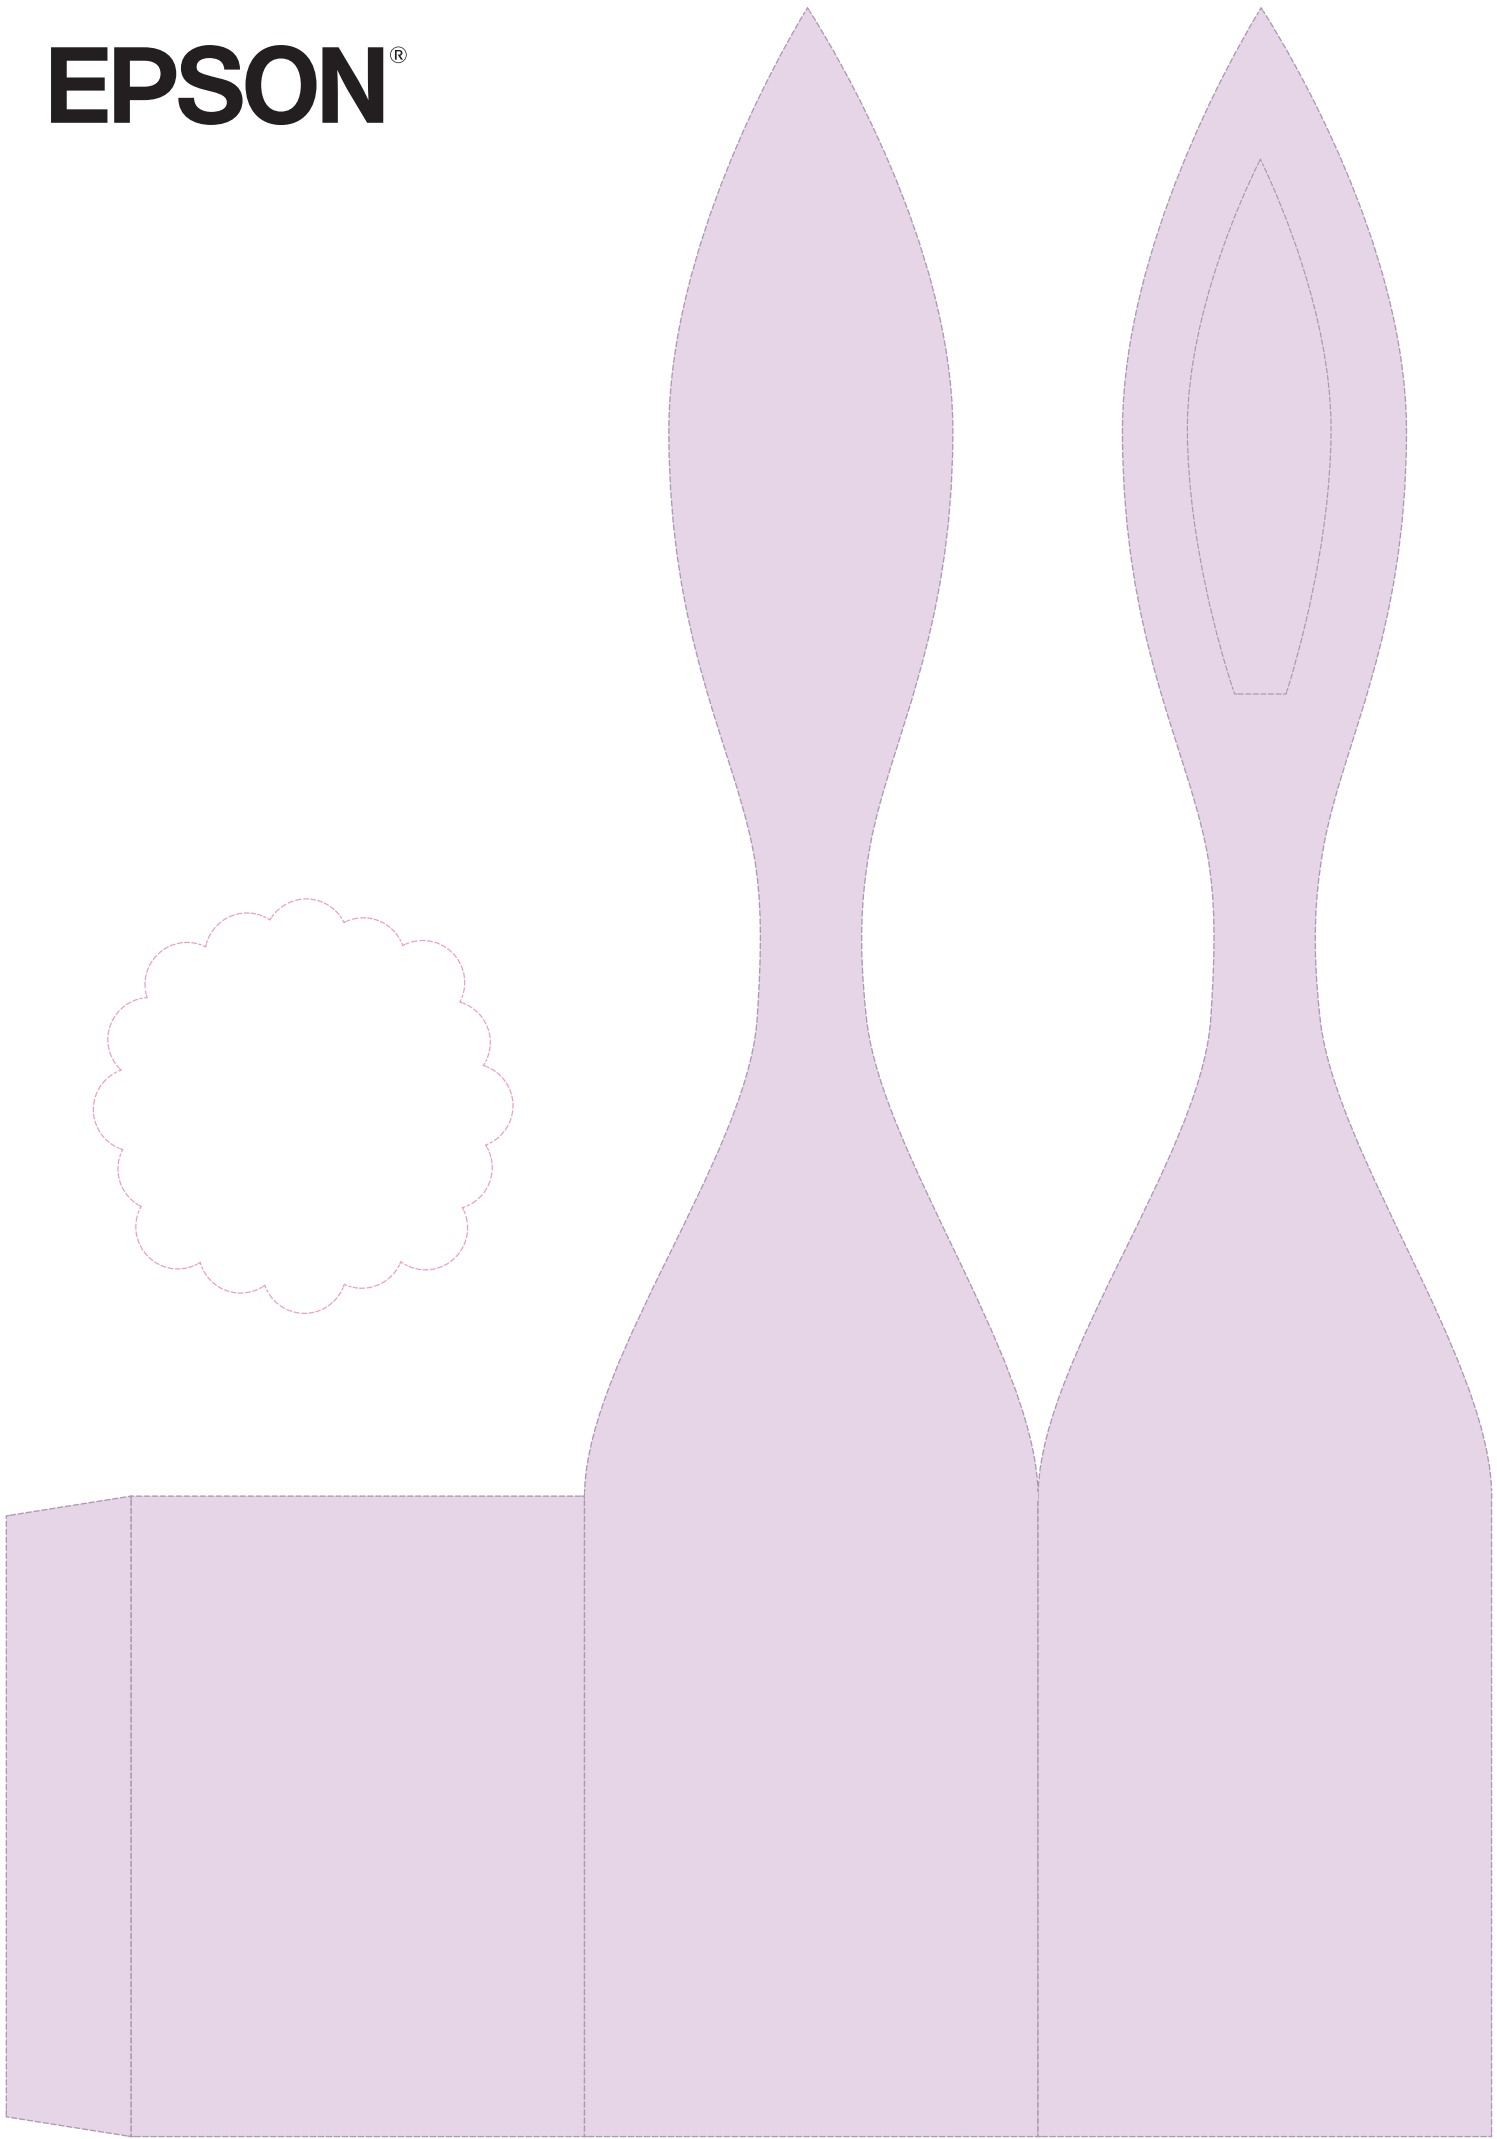

6. Stick on the face, tail and the insides of the ears.
