

Top 5 WAYS TO PUT PATIENTS FIRST IN HEALTHCARE

1 TAKE CARE OF CRITICAL INFORMATION

REDUCE THE POTENTIAL FOR HUMAN ERROR with clear and durable colour labels from an Epson ColorWorks label printer

ACCURATELY REPRODUCE CRITICAL DETAILS for quick and easy identification, with Epson's WorkForce Pro printers

KEEP PATIENT DATA CONFIDENTIAL and digitally secure on CD, DVD, or BD for up to 100 years with Epson's Discproducers

ADHERE TO HEALTHCARE SECURITY STANDARDS with confidence, by using Epson's Document Capture Pro scanners

Ensure the highest level of digital security

Reduce preventable errors by increasing the accuracy and clarity of documents and labels

2 INCREASE OPERATIONAL EFFICIENCY

KEEP INFORMATION MOVING from anywhere with a WorkForce Pro printer and Epson Connect's secure mobile printing

MAINTAIN LONG-TERM RECORDS with Epson's Discproducers, for easy data management and storage, with no need to rewrite for 100 years

REDUCE MAINTENANCE AND DOWNTIME with Epson WorkForce Pro RIPS printers – able to print 75,000 pages before an ink change is needed¹

COLLABORATE QUICKLY AND EFFICIENTLY for communicative healthcare across locations with an Epson interactive projector

Facilitate a fast flow of information between colleagues, by keeping collaborative groups connected

Simplify record-keeping to ensure up-to-date and accurate information

3 SPEND LESS, ACHIEVE MORE

PRODUCE LABELS THAT LAST LONGER reducing the need and cost of regular replacement, with Epson's LabelWorks label makers

PRINT MORE AND WASTE LESS using 80% less power² with an Epson WorkForce Pro printer, and by outsourcing to Epson's Print & Save print management service

DIGITALLY SECURE hard copies of important documents and forms with Epson scanners and Document Capture Pro software

STREAMLINE INTERACTIVE TRAINING from multiple locations with Epson's interactive projectors

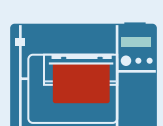

Generate measurable benefits from day one, and increase the return on investment

Free up time and resources to dedicate to patients

4 OPTIMISE ATTENTION TO DETAIL

OVERLOOK NO DETAIL with three times brighter colour output from Epson's CLO-optimised projectors

DISTINGUISH INFORMATION THROUGH COLOUR using Epson's ColorWorks label printers

MAINTAIN UP-TO-DATE PATIENT RECORDS by securely saving data to CD, DVD, or BD

PRINT AND SHARE ACCURATE DOCUMENTS with a WorkForce Pro printer, and guarantee clarity where it's most critical

Communicate precise details clearly, and share critical information with confidence

Accurately reproduce distinguishing information, for reliable resources

5 MAKE PATIENTS YOUR PRIORITY

PROVIDE MORE PERSONAL CARE by printing to a WorkForce Pro printer remotely using Epson Connect and the iPrint app

INSTANTLY PRINT LABELS REMOTELY from a mobile device with the Epson iLabel app and LabelWorks label maker

COLLABORATE ON CASES with colleagues in different locations. Project content wirelessly with Epson's iProjection app

CONFIDENTLY SHARE PATIENT DATA with no fear of compromising security, with Epson's scanners and Document Capture Pro

Simplify administrative tasks and manage processes remotely, so you can spend more time with patients

Cut the cost of troubleshooting, and reduce the need for human intervention to work with less disruption

DEVELOPED
for PATIENT CARE.
Designed around you.

Create a healthier working environment where medical professionals can focus entirely on what they do best – providing the best possible one-to-one care. With Epson's proven print, scan and projection solutions, the safety, security and satisfaction of your patients is taken care of.
