

LABELWORKS RANGE

LABELLING WITHOUT LIMITS

**ENGINEERED
FOR BUSINESS**

EPSON[®]
EXCEED YOUR VISION

ACHIEVE MORE WITH LABELWORKS

Not content with designing a range of award-winning label makers and tapes that offer the best value and choice on the market, we continue to push the boundaries of what's possible with labelling.

Our Epson iLabel app, a world first, enables convenient label creation from smartphones and tablets, while the newest additions to our extensive tape range feature iron-on and glow-in-the-dark technology.

Improving safety, boosting efficiency or just making your day run more smoothly – with a LabelWorks label maker and tape to suit virtually any need, there are no limits to what you can achieve.

The following keyboards are available: QWERTY, AZERTY, QWERTZ and CYRILLIC. Visit www.epson.co.uk for more information.

CREATE AND SHARE WIRELESSLY

We've brought the convenience of Bluetooth, Wi-Fi® and apps to the world of label making. Now you can create labels from your PC, tablet or smartphone – and share your label maker with your colleagues - using our free Epson iLabel app. Available for iOS™ and Android™, the Epson iLabel app can be downloaded for free from the official App Store or Google Play.

When you're busy tagging assets, labelling parcels or sorting out your filing cabinet, you don't want to be tethered to a PC. That's why our LabelWorks LW-600P and LW-1000P label makers are seriously well-connected, compatible with virtually any Bluetooth or internet-enabled device such as a smartphone or tablet. It's the fast and flexible way of printing labels that everyone can share. Choose from the versatile LabelWorks LW-600P, the smallest and lightest label maker that you can connect to a computer or carry around the office, and the powerful LabelWorks LW-1000P, our fastest label maker designed for intensive, high production labelling.

LABELWORKS LW-600P

- Smallest and lightest 24mm desktop label printer on the market¹
- Flexible:
 - Desktop: connect to a PC via USB and Label Editor or API
 - Portable: connect to a smart device via Bluetooth and Epson iLabel
- Connect using Bluetooth and free Epson iLabel app
- Compatible with 6-24mm label widths (LC Series tapes)

LABELWORKS LW-1000P

- Our fastest label maker with print speeds of up to 35mm/sec
- Multi-connectivity options:
 - To a PC via USB, Ethernet or LAN Wi-Fi and Label Editor or API
 - To a smart device via Device to Device Wi-Fi and Epson iLabel
- Semi-automatic trim cutter, automatic full and half cutter
- Compatible with 6-36mm label widths (LC Series tapes)

A LABEL FOR EVERYTHING

If you can think of it, chances are we've got a label for it. Some of the unique label tapes in our extensive range include iron-on labels for customising clothing, glow-in-the-dark labels for improving safety, and cable wrap labels to improve resistance and durability.

Along with our label tapes, our label maker range has been designed to meet a wide range of professional requirements. Take the LabelWorks Pro100. Designed specifically for facilities and maintenance staff, it can print two types of labels: high-quality, durable labels for permanent signage, and temporary stickers for maintenance and address labelling.

The LabelWorks LW-700 is developed to make life easier for anyone who works both in the office and on the move, offering the flexibility of portable usage or connection to a PC. And our LabelWorks LW-900P speeds up labelling tasks for office and back office departments, with software that can import and print data in csv, txt and xls(x) format and up to 36mm wide.

LABELWORKS LW-700

- Connect to a PC or MAC, or take with you
- Back-lit screen with print preview for ease of use
- Compatible with 6-24mm label widths (LC Series tapes)

LABELWORKS LW-900P

- Connect to a PC or MAC
- Import and print data in csv, txt and xls(x) formats
- Compatible with 6-36mm label widths (LC Series tapes)

LABELWORKS PRO100

- Dual-purpose - print labels for temporary or long-term use
- Borderless printing for creating larger signs with four labels side-by-side
- Compatible with 50mm and 100mm label widths (RC Series Supplies)

ORGANISATION MADE EASY

Helping you get organised – it's what the LabelWorks range does best. Whether you're office-based, in a warehouse or on the road, there's an Epson label maker that will get the job done more efficiently.

Taking care of all your office labelling requirements, including filing and storage, the compact LabelWorks LW-300 ensures you'll never waste time hunting for a file again. You can recall your favourite 30 label designs at any time to speed up your everyday tasks. For office workers needing slightly larger labels, the LW-400 prints up to 4 lines, and has a back-lit screen – perfect for dark environments.

Made for maintenance and installation professionals on the move, the rugged LabelWorks LW-400VP has a tough rubber casing to protect against scratches, knocks and drops. It comes with a durable carry case with enough room for the AC adaptor and extra tapes, ensuring the LW-400VP will always keep up with you.

LABELWORKS LW-300

- Compact label maker ideal for the office
- Save and recall 30 label designs
- Compatible with 6-12mm label widths (LC Series tapes)

LABELWORKS LW-400

- Prints barcodes and up to 4 lines of text
- Back-lit screen for clear visibility in poorer lighting
- Compatible with 6-18mm label widths (LC Series tapes)

LABELWORKS LW-400VP

- Rugged yet lightweight mobile label maker
- Protective rubber casing and sturdy carry case
- Compatible with 6-18mm label widths (LC Series tapes)

LABELS DESIGNED TO LAST

No other label tape range offers you better value. Thanks to the longest tape length on the market, up to 9m long, and the smallest margins when printing, you'll find our label tapes last much longer between refills.

Our label tape range also offers you the biggest choice in label width – from 6 to 100mm. And a wide selection of materials, sizes and colours means you'll always have the right label for your needs, including glow-in-the-dark, cable wrap and heat resistant label tapes you won't find anywhere else.

Epson label tapes are long-lasting and fully tested for durability, making them ideal for any application, including tough industrial conditions.

EPSON LC TAPE CARTRIDGE SERIES

CABLE WRAP

White tape with black text that's designed to wrap around cables for easy-read labelling.
24mm and 36mm widths

FLUORESCENT

Attention-grabbing fluorescent yellow or green tape with black text that's the brightest in the range.
12mm and 18mm widths

GLOW-IN-THE-DARK

Absorbing artificial and natural light then releasing it for 8 hours, is ideal for darker environments and safety labels.
18mm width

HEAT RESISTANT

Withstanding very high temperatures of up to 225 degrees Celsius, this safety tape is ideal for hazardous environments.
12mm width

CABLE WRAP

HEAT RESISTANT

IRON-ON

Innovative white tape with black text that can be ironed directly onto clothes to create long-lasting name tags.

12mm width

MATTE

Matte silver tape with black text that has a modern look. Easily scanned and therefore ideal for barcodes.

12mm and 24mm widths

MATTE PAPER

Matte white surface that's easy to write on and can be printed with black text.

12mm width

METALLIC

Luxurious, premium-look tape in glossy silver or gold with black text.

12mm width

PASTEL

Pastel red or yellow tape with black text that offers a more subtle option.

Widths from 6mm to 36mm

REFLECTIVE

Silver tape with black text that can be used both indoors and outdoors to aid visibility in poor light conditions.

18mm width

STANDARD

Great value and perfect for everyday use, with a choice of red, blue or black text.

Widths from 6mm to 36mm

STRONG ADHESIVE

Backed with extra-strength adhesive for a lasting hold. Choose from yellow, white and transparent tape with black text.

Widths from 9mm to 18mm

TRANSPARENT

Transparent tape with a choice of black or white text. Ideal for lab samples or more discreet labelling.

Widths from 6mm to 36mm

VIVID

Black tape with white text that's more subtle when used on black surfaces, but still easy to read.

12mm and 18mm widths

WIDE CONTINUOUS TAPES²

Large, long, durable labels suitable for a variety of environments both inside and out. 7 tape colours, including black, transparent, and 5 ink (text) ribbon colour variations.

50mm and 100mm widths and 15m long

PRE-CUT LABELS²

White, pre-cut thermal reactive paper labels for address and temporary maintenance labelling.

Available in 45x90mm, 500 labels per roll
