Applications and use

The machine-finished surface of the HERMAwhite offers an excellent quality of the imprint with all traditional printing methods. The material is equally suitable for thermo transfer printing and is thus universally applicable. It is also perfect for laser printers.

The pulp for this paper comes from PEFC certified forest management. This guarantees improvements in sustainable forest management regarding ecologic, social and economic standards.

The shelf life of following adhesive combinations 92C, 92K, 62K, 42N and 42R are restricted to one year after manufacturing.

Regulations concerning contact with food
